

Two private cabanas at the water's edge, on Baja's East Cape.

Step into a thousand acres of mountain, desert and sea, where the Sea of Cortez is never more than a few steps away. Unlike any other space in Costa Palmas, the two beachfront cabanas sit right on the coastline, reserved for your party — warm interiors inspired by the natural landscape, floor-to-ceiling window walls that open to the beach, and an outdoor deck with daybeds to soak up the sun. Beyond your door waits Costa Palmas in full: two miles of calm, swimmable beachfront, a deep-water marina, and a Robert Trent Jones II course along the shore.
